

Objective: Seeking an opportunity to further my growth as a designer in a creative and challenging environment.

Work Experience: **Samsung Project by Samsung Design America** - March 2010 - May 2010
Graphic User Interface Design Research for Samsung Touch Screen Mobile Device.

Affordable Business Solution, San José, CA - April 2010 - Present
Started at Affordable Business Solution as an intern. Currently working on various projects for different companies to do layouts, create logos and images. Clients will give guidelines about what their company would like to accomplish and then working on creating a clean, professional look for layouts and websites.

Marshalls Department Store - June 2006 - Present
Worked as store clerk supervisor. Responsible for establishing and executing merchandising plans and priorities by ensuring fresh flow of merchandise from stockroom to salesfloor. Communicates effectively with Management and store Associates. Also responsible for providing graphic design services creating layouts and advertisements.
